JOURNAL OF MINING INSTITUTE

Published since 1907 by Saint Petersburg Mining University

ISSN 2411-3336
e-ISSN 2541-9404

Dear colleagues!

We invite you to publish papers in a special geological issue of the journal dedicated to the development of the national geological science and accrue-ment of mineral resources of the country!

Submission deadline: 20.03.2022

The issue accepts papers describing the geological setting of regional structures and regularities of mineral deposits location, issues of general and regional tectonics and geodynamics, problems of global and exploration geophysics and theoretical geology; presenting the results of stratigraphic, paleontological, petrological, mineralogical, geochemical and other special studies

Responsible editor of the issue: Professor Sergey G. Skublov, Doctor of Geology and Mineralogy, Department of Mineralogy, Crystallography, and Petrography

Publication: June 2022

Articles should be prepared according to the rules of the Journal of Mining Institute
